technical specification API-6A. The description for APV equipment consists of a general description, working pressure, temperature rating material class rating, product specification level (PSL) and performance requirement (PR). These ratings are defined in the following API-6A tables. To comply with API-6A (ISO 10423), APV offers:

API6A Choke Valve Material Trim Service Categories Rating ...

- ISO 10423 requires forgings for PSL 3 and PSL 4, whereas API 6A allows castings for all PSLs.
- Some principals call for products outside the range of API 6D or API 6A being manufactured to API 6A PSL requirements.
