Choose a stable and level surface for your speakers. Vibration can cause the speakers to move, particularly on smooth surfaces like marble, glass, or highly polished wood. If you are placing the center speaker on top of the television, attach the rubber feet provided to the bottom of the speaker.

LIFESTYLE DVD Home Entertainment Systems Installation Guide

Where to put your Companion Bottom of speaker with recesses for Bose designed these speakers to sit on your desk, where their rubber feet angled shape directs sound toward the listener. Before placing them there, attach four of the supplied rubber feet to the recesses on the bottom of each speaker, for protection and added stability (see Figure 2).
