Originally published: Toronto: Doubleday Canada, 2012.

Rick Mercer can always be relied on to provoke a strong reaction--but what he said one fall day in 2017 truly shocked the nation. In a rant posted on social media, the great Canadian satirist announced loud and clear that the current, 15th season of the Rick

Get Free A Nation Worth Ranting About Rick Mercer

Mercer Report--the nation's best-watched and best-loved comedy show--would be the last. After more than 250 episodes, 250 rants and countless miles spent travelling the length and breadth of Canada to do everything from bungee jumping with Rick Hansen to whale watching with Measha Brueggergosman, it was time to move on. What he will do next is still unknown, and Canada eagerly awaits future developments. But meanwhile, we have this book to keep us going. This volume brings together never-before-published rants from the last five seasons of the show, plus a selection of the very best rants from earlier years. And throughout the book, in a series of brilliant new essays, Rick shares his hilarious, moving and at times hair-raising memories from the past fifteen years. Remember when he and Jann Arden travelled by helicopter to a terrifying bat cave in a mountain? No--because that trip went so

Get Free A Nation Worth Ranting About Rick Mercer

horribly wrong it never made it to the screen. Pierre Berton--what was really in that joint he rolled? (It wasn't oregano.) What catastrophe took place in Norman Jewison's bathroom? And can the show still go on when your director in charge is delirious from an allergic reaction? (Yes.) All this and more is revealed by Rick in some of his sharpest and funniest writing yet.

Rick Mercer Report: The Book was the publishing phenom of 2007, hogging the top of the bestseller lists. Prime ministers' memoirs came and went, and RMR outstayed them all. And now it's back — bigger and better and funnier than ever. Rick Mercer Report: The Paperback Book is an updated, expanded remix of its bestselling predecessor, containing 10,000 words of new material from the show's fifth season. Rick's celebrated rants are some of the

Get Free A Nation Worth Ranting About Rick Mercer

sharpest political commentary to be found anywhere in the country's media, and certainly the funniest. They are featured here, along with other moments from the show — including encounters with Conrad Black, Jean Chrétien, and Anne Murray — and many additional pieces, some of which first appeared on his website. Because when he's not jumping into a lake with David Suzuki or Bob Rae, or helping the leader of the Green Party kill a tree, Rick Mercer likes to relax by blogging. From Kabul, say. Or the bearpit of a leadership convention. Rick Mercer Report: The Paperback Book will help you make sense of five extraordinary years in the life of Canada — or at least laugh despite them.

As the American election increasingly resembles a production of CATS performed by actual cats, U.S. citizens are looking for a new

Get Free A Nation Worth Ranting About Rick Mercer

leader. That leader is Canada, and they want your vote for president of the United States. Since launching their viral video campaign in January, the Canada Party has been covered around the world, including CNN, BBC, the Huffington Post, and German State Television. America, but Better: the Canada Party Manifesto, balances the doctrine of American exceptionalism with a dose of Canadian humility and common sense to secure Canada as the new leader of the free world, by proxy. Their promises: One gay couple will be allowed to marry for every straight couple that gets divorced. The phrase "job creators" will be changed to "job creationists," and they will be given seven days to actually create some. Corporations will still be people, but if they can't provide a birth certificate they will be legally obligated to care for your lawn. Corners will be installed in the Oval Office, and timeouts given to

Get Free A Nation Worth Ranting About Rick Mercer

congressmen who can't play nice. Devoted to restoring America to its former glory, the Canada Party will soon have the whole world chanting, "Yes We Canada."

Canada's beloved comic genius tells his own story for the first time. What is Rick Mercer going to do now? That was the question on everyone's lips when the beloved comedian retired his hugely successful TV show after 15 seasons--and at the peak of its popularity. The answer came not long after, when he roared back in a new role as stand-up-comedian, playing to sold-out houses wherever he appeared. And then Covid-19 struck. And his legions of fans began asking again: What is Rick Mercer going to do now? Well, for one thing, he's been writing a comic masterpiece. For the first time, this most private of public figures has turned the spotlight

Get Free A Nation Worth Ranting About Rick Mercer

on himself, in a memoir that's as revealing as it is hilarious. In riveting anecdotal style, Rick charts his rise from highly unpromising schoolboy (in his reports the word 'disappointment' appeared a fair bit) to the heights of TV fame. Along the way came an amazing break when, not long out of his teens, his one-man show *Show Me the Button, I'll Push It. Or, Charles Lynch Must Die*, became an overnight sensation--thanks in part to a bizarre ambush by its target, Charles Lynch himself. That's one story you won't soon forget, and this book is full of them. There's a tale of how little Rick helped himself to a tree from the neighbours' garden that's set to become a new Christmas classic. There's Rick the aspiring actor, braving the scariest thing I have ever done in my life by performing with the Newfoundland Shakespeare Company; unforgettable scenes with politicians of every variety, from Jean Chretien to

Get Free A Nation Worth Ranting About Rick Mercer

George W. Bush to Stockwell Day; and a wealth of behind-the-scenes revelations about the origins and making of This Hour Has 22 Minutes, Made in Canada, and Talking to Americans. All leading of course to the greenlighting of that mega-hit, Rick Mercer Report . . . It's a life so packed with incident (did we mention Bosnia and Kabul?) and laughter we can only hope that a future answer to What is Rick Mercer going to do now? is: Write volume two.

OK2BG is narrative nonfiction, a Memoir about a guy who wants to be a Mentor preferably to a teenager, so they can have a decent & meaningful conversation about stuff & preferably with a kid at-risk, or just otherwise lost, in order to help both the teenager as well as the determined subject of this story realize their unique potential &

Get Free A Nation Worth Ranting About Rick Mercer

find or reinforce their place in the world. Overall, a chronicle about the author's attempt over several years to understand the question of 'why do I want to be a Mentor' which eventually helps him become a more insightful person. Subsequently in September, 2010 after a plague of teen suicides, Jack turns his attention to researching gay biographies into optimistically appropriate groups of books for gay kids at-risk, from bullying. After 5 years Jack has categorized 2,000+ books in the form of Memoirs, Biographies & Autobiographies written by or about 1,000+ allegedly gay men. The primary message in OK2BG is to read & reassess before you run asunder!

A continuation of the documentary "No End in Sight" draws on new interviews to argue that the financial crisis occurred because of

Get Free A Nation Worth Ranting About Rick Mercer

decades of deregulation that enabled the financial sector to commit industrial-scale fraud.

From the New York Times bestselling author of *The Last Castle* and *The Girls of Atomic City* comes a new way to look at American history through the story of giving thanks. From Ancient Rome through 21st-century America, bestselling author Denise Kiernan brings us a biography of an idea: gratitude, as a compelling human instinct and a global concept, more than just a mere holiday.

Spanning centuries, *We Gather Together* is anchored amid the strife of the Civil War, and driven by the fascinating story of Sarah Josepha Hale, a widowed mother with no formal schooling who became one of the 19th century's most influential tastemakers and who campaigned for decades to make real an annual day of thanks.

Get Free A Nation Worth Ranting About Rick Mercer

Populated by an enthralling supporting cast of characters including Frederick Douglass, Abraham Lincoln, Sojourner Truth, Walt Whitman, Norman Rockwell, and others, *We Gather Together* is ultimately a story of tenacity and dedication, an inspiring tale of how imperfect people in challenging times can create powerful legacies. Working at the helm of one of the most widely read magazines in the nation, Hale published Edgar Allan Poe, Nathaniel Hawthorne, Harriet Beecher Stowe, and others, while introducing American readers to such newfangled concepts as “domestic science,” white wedding gowns, and the Christmas tree. A prolific writer, Hale penned novels, recipe books, essays and more, including the ubiquitous children’s poem, “Mary Had a Little Lamb.” And Hale herself never stopped pushing the leaders of her time, in pursuit of her goal. The man who finally granted her wish

Get Free A Nation Worth Ranting About Rick Mercer

about a national “thanksgiving” was Lincoln, the president of the war-torn nation in which Hale would never have the right to vote. Illuminating, wildly discussable, part myth-busting, part call to action, *We Gather Together* is full of unexpected delights and uneasy truths. The stories of indigenous peoples, immigrant communities, women’s rights activists, abolitionists, and more, will inspire readers to rethink and reclaim what it means to give thanks in this day and age. The book’s message of gratitude—especially when embraced during the hardest of times—makes it one to read and share, over and over, at any time of year.

Includes never-before-published gems that can't be found at overheardintheoffice.com! The office is no place for dirty, personal, inappropriate talk-but that doesn't stop most people. From the

Get Free A Nation Worth Ranting About Rick Mercer

loading dock to the ladies' room, this compelling collection presents some of the most bizarre, shocking, and hilarious real life conversations overheard in workplaces around the world.

‘There is no socialism after liberation, socialism is the process through which liberation is won.’ Each of the essays in *Communities of Resistance* acts as a critical reaffirmation of socialist politics as the context for questions of race and resistance. The left itself is under scrutiny here—from a black perspective. A series of powerful interventions covers many of the issues which have confronted radical politics in the 1980s: inner-city uprisings, the demand for black sections in the Labour Party, local government anti-racism, the move to a common European market. This collection included incisive critiques of contemporary
