Cannot Change Screen Resolution Vista

To change the screen resolution, use your mouse to drag the little bar in the Resolution area. Watch the little preview screen change as you move the mouse. The more you slide the bar to the right, the larger your monitor grows. Unfortunately, the more information Vista can pack onto your monitor, the smaller that information appears.

How to Change Your Screen Resolution in Windows Vista ...

I have just upgraded my PC to Vista from XP and purchased a new monitor, capable of supporting 1440 x 900 resolution. Problem is that the screen resolution cannot be changed and is fixed at 640 x 480. I've tried via the settings in the control panel but I cannot drag the mouse on the slider bar from low to high resolution.

Cannot change screen resolution | Vista Forums

Hey,. I just upgraded to vista.. and the most annoying thing I can see is that I cant set my screen resolution to 1600 x 1200 .. Everything looks so big because in screen settings I cant change it to anything higher than 1024 x 768.. My LCD monitor is 20inches.. Ive searched everywhere and updated my video card drivers. but nothing seems to work.
