Excerpt: The Honda Accord is a series of automobiles manufactured by Honda since 1976, best known for its four-door sedan variant which has been one of the best-selling cars in the United States since 1989. The Accord nameplate has been applied to a variety of vehicles worldwide, including coupes, wagons, hatchbacks and a crossover. In 1982, the Accord became the first car from a Japanese manufacturer to be produced in the United States when production commenced in Marysville, Ohio at Honda's Marysville Auto Plant. The Accord has achieved considerable success, especially in the United States, where it was the best-selling Japanese car for fifteen years (1982-97), topping its class in sales in 1991 and 2001, with around ten million vehicles sold. Numerous road tests, past and present, rate the Accord as one of the world's most reliable vehicles. Since initiation, Honda has offered several different car body styles and versions of the Accord, and often vehicles marketed under the Accord nameplate concurrently in different regions differ quite substantially. It debuted in 1976 as a compact hatchback, though this style only lasted through 1981, as the line-up was expanded to include a sedan, coupe, and wagon. By the Accord's sixth generation in the 1990s, it evolved into an intermediate vehicle, with one basic platform but with different bodies and proportions to increase its competitiveness against its rivals in different international markets. For the current generation...

Get Fords complete story in Ford Tough: 100 Years of Ford Trucks and see why they ' ve dominated the truck market, selling 1.5 million trucks every year in the US alone. In July 1917 Ford Motor Company introduced a one-ton chassis for commercial trucks, marking what many historians feel was its official entry into the dedicated truck business. Sure, after-market pickup beds could be added to a Model T car to convert it to a pickup, but with the debut of the rugged Model TT truck chassis, Ford was firmly in the truck market. Eight years later, Ford introduced its first factory-produced pickup, a sturdy half-ton job the public loved. During the century that has passed since that first Ford truck chassis, the F-series has become the best-selling truck in the world, and the best-selling vehicle of any type in America. Ford Tough: 100 Years of Ford Trucks tells the entire Ford truck story from the very beginning, when Ford got its start in truck production. This book provides the history of the wide array of models Ford has built over the past century, including the Model A roadster pick-up, stylish 81C pickups, legendary 1948 F-1, Bronco, Courier, Ranchero, and Econoline.

The unputdownable true crime financial thriller and instant #1 bestseller Wall Street sell-offs and stock market meltdowns aren't the worst that can happen... What if you're invested in a Ponzi Scheme? It can happen to you... Market volatiliity, financial upheaval, and economic uncertainty are the main catalysts for Ponzi scheme collapse--and financially ruined investors. Politics, global instability, trade wars and volatile stock markets can all be catalysts for a financial meltdown. When markets collapse, fraud, Ponzi schemes and other investment scams are exposed, but usually too late to get your money back. Are you and your money protected? Can you spot a Ponzi scheme? Most people don't know that they're caught in a fraudulent investment until it's too late. At best they lose their retirement funds, college funds, and nest eggs. At worst, they are financially ruined. You owe it to yourself and your family to learn how to spot and avoid Ponzi schemes and protect your money. Most of the 10 biggest Ponzi schemes collapsed during the Great Recession and financial crisis. Today's financial markets are even more volatile, with catalysts providing exactly the right conditions to trigger a Ponzi scheme collapse. Unwitting investors will be financially ruined and left holding the bag. The next massive Ponzi scheme collapse will surprise both veteran investors and financial experts alike, and will dwarf Bernard Madoff's massive \$50 billion fraud during the 2008 financial crisis. Will you be a victim of the greatest fraud of the 21st century, or will you be prepared? Don't fall prey to the next wolf of Wall Street. You will be surprised to learn you are probably already invested in one of these schemes, either directly or indirectly as part of your mutual fund, pension fund, hedge fund or other investments. Many innocent victims suffered financial ruin simply because they didn't spot the Ponzi scheme red flags and warning signs until it was too late. Knowledge is power, and by following a few simple steps you can protect yourself and your money. As a successful trial lawyer, Mike Beck uses his personality and his skill with the letter of the law to win in a courtroom. As a Marine Reservist ordered to Iraq on an unexpected deployment, he finds himself in a different world where the law of war often conflicts with common sense and his own feel for what ' s right and what ' s wrong. When an embedded female correspondent reveals what appears to be an illegal killing of Iraqi civilians by a U.S. Marine during the battle for Fallujah, Beck finds himself faced with a case that challenges both his legal skills and his conviction that something is very wrong with what seems to be a clear violation of the law of land warfare. Devoted to finding the truth about an ugly incident and keeping an innocent Marine from being convicted in a court-martial, Mike Beck defies orders, purloins evidence, and leads a combat team that must fight their way through a fanatical enemy force to investigate the scene of the alleged crime. Along the way as he battles his conscience, command influence, and a media giant clamoring for his head, Mike Beck finds a lot of truth about the case, about the brutal enemy in Iraq, about the nature of a very nasty war, about the Marines risking their lives in a confusing combat situation—and about himself as a Marine, a lawyer, and a man. " A timely page-turner about war, honor, love, and Iraq justice told by a true Marine—Hooah! " Eugene Sullivan, Chief Judge (ret), U.S. Court of Appeals (Armed Forces) Author of The Majority Rules and The Report to the Judiciary Stone, a former Marine himself, blurs the lines between the good guys and the bad guys and shows us that in war, not everything and everyone is as they seem at first glance. His battle scenes are written from the perspective of a true soldier and are gripping and at times heart-breaking. Stone ' s story is intriguing, action-packed—and hints at more to come.
