The first guide to building and using one of the most powerful tools ever invented for building corporate intellectual capital. Using many real-world examples and case studies, Rick Tanler describes methods developed by database managers and Webmasters at leading corporations for combining the power of data warehouses with the advanced distributed computing capabilities of corporate intranets. He provides guidelines for designing data warehouses that work well with Web browsers on an intranet and for linking existing data warehouses to corporate intranets. And he explores the competitive strategies developed by corporate managers for

cashing in on the vast potential of their intranet data warehouses. Tanler begins with an exploration of the interrelationships among data warehousing, online analytic processing, and intranet technologies. He then explores the key issues surrounding the planning and implementation of an intranet data warehouse and provides technical guidelines for developers. Key topics include: \*

- \* Optimal data warehouse architectures for intranet access \*
- \* Development tools, including CGI, JDBC, CORBA, and ActiveX object messaging \*
- \* Database query techniques for online access to data warehouses \*
- \* Development of OLAP-based decision support applications \*
- \* GUI design with Web browser tools \*
- \* Scalability

English spy Andrew Truesdale has  
been sent to Florence on a  
mission--to befriend widowed  
contessa Olivia di Montebaldi and  
discover if she's plotting a  
nationalist revolution in the  
aftermath of Napoleon's defeat.  
Andrew expects the assignment  
to be easy. After all, his job with

the British Diplomatic Corps required him to perfect the art of flirtation and become a consummate seducer of women. Everything changes, however, when he arrives at Olivia's villa. Instead of the middle-aged woman he expects, Andrew finds a vivacious young beauty who piques his interest...and his lust. But while Andrew may be taken aback by the contessa, Olivia knows exactly who Andrew is...and that he is dangerous. She may let him claim her body, but can she trust him with her secrets?

Former covert operator Nick Stone seems to be living his dream in book eight of the best-selling series - not a care in the

world as he steers his camper van around the surfing and parachuting paradise of Australia. But when he sees a news report of the massacre of women and children in a terrorist outrage on the other side of the world, long-suppressed memories are triggered, and Nick knows he must risk everything to repay a longstanding debt of friendship. As events unfold in the teeming streets of modern Istanbul and the bleak, medieval villages of Georgia, Nick finds himself catapulted once more into the murky, clandestine world he thought he'd left behind - a world in the grip of nameless enemies who linger in the shadows, and stalk the corridors of power...
