young adults don't have to stay stuck. In her new book, *Forgiving Others, Forgiving Me*, Renee shows readers how to let go of the pain and unforgiveness of the past accept God's forgiveness and learn to forgive others in turn move forward and embrace new dreams for the future By exploring the truths of Scripture and sharing her own extraordinary story of healing and repentance, Renee Fisher shows others in her generation how they too can be set free.

At the age of nine, I took on the responsibility of my younger siblings due to my mother ' s passing. My life changed tremendously. I had to become an adult at a young age. Although I was very mature for my age, I felt as though I missed out on my childhood. No one at the age of nine wants to experience this kind of pain. I wouldn ' t wish this on anyone. Yet where there is pain, there ' s a blessing behind it. I became a mother at the age of nineteen. My life changed after I had my first daughter. I was blessed to move out on my own and raise my daughter as the woman my mom always saw in me. Then after I had another baby girl three years later. Life has a way of showing you that there will be pain and heartache that sometimes will never be explained. The strength in it all is trying to find a life after. Yes, I have a story. But today I celebrate life with two beautiful children and three grandchildren that mean the entire world to me. I can ' t change my past and what happened or why it happened. But thank you, God, for my life today. I am grateful.

Get ready to climb stairs, walk for miles and jump out of bed with exhilaration and joy. Knee Pain Recipe was published so that you can regain that part of your life that was lost due to pain. The symptoms of Knee Pain can cause annoyance, impatience and frustration when trying to return to an active lifestyle. Developing a therapy that does not use shots or surgery was a challenge that required many years of focus, determination and patience. After numerous attempts at relieving pain in my own knees a therapy was created. Knee Pain Recipe offers a step-by-step guide that works by reducing inflammation, correcting muscular imbalance and using massage to encourage lymphatic drainage. This therapy brings more blood flow, oxygen and healing elements to the inflamed joint resulting in reducing pain in the knee and promoting the healing cycle. Practicing as a Certified Personal Trainer since 1998, thousands of hours has been devoted to relieving and sometime eliminating pain in my knees and the people I serve. Just like a homemade cooking recipe Knee Pain Recipe must be done step by step to achieve the full benefit of the therapy. The journey to an active lifestyle and knee pain relief is only a click away.

Still, I Will Praise by Renée Bondi is not a how-to manual but a collection of stories from others who have found joy in trusting God through times of insecurity, grief, loss and, in Renée ' s case, through an injury that robbed her of mobility and her independence.

Renee is queen of the city and runs it with an iron fist, but everything changes when people from her past resurface to seek revenge. They will stop at nothing until she's dead. Will Renee find happiness and let go of her demons? Or will she allow her past to finish what it started? Molested by her stepfather and verbally abused by her mother, Renee channeled her pain into passion and became the most ruthless queen-pin New York has ever seen. Haunted by her past and unable to let go of what was, she struggles to achieve inner peace while inflicting mayhem on the streets of New York.

I'm different. There's a darkness that stirs restless in my soul. It craves blood and violence then feeds off of my anger and despair. I can

control it... most of the time. I can starve it, but I cannot starve myself. Because it's not just the darkness that craves these things... I do, too. My mother grounded me and helped calm the storm, now she's dead and everything changed. My life is now lived through red hued glasses and anger simmers just under the surface. Until him... Now my dark soul craves his and I won't let anything come between us, even if I have to kill... with my bare hands.

IF YOU FEEL TOO MUCH is a celebration of hope, wonder, and what it means to be human. The essays in this book invite readers to believe that it's okay to admit to pain and it's okay to ask for help--

'I'm Happy' is a collection of poems that harmonizes pain, love, and mental illness. Not intended to romanticize the woes of life, but to inspire healing and growth. May you recognize yourself in my pain and begin to release as I have while creating this anthology. Let the melodies of each line touch your heart on your journey as I'm Happy becomes your favorite song. Life isn't over when your pain subsides nor is it your identity. Your existence is priceless.

I played the game. There were rules. There was strategy. There was always an escape. No one knew how my past dictated my every move. I did everything to keep the nightmares of my childhood at bay. I reveled in my playboy reputation. Then Sarah Hodges made a wrong move. One that left me wondering how to match her play. We weren't supposed to work. She was everything I wasn't. But she had secrets of her own. Ones that left me shocked and furious. Ones that gave me a leg up. Or so I thought. It only took one quick game to land us in checkmate, something Wellington University never saw coming.
