This activities manual includes activities designed to be done in class or outside of class. These activities promote critical thinking and discussion and give students a depth of understanding and perspective on the concepts presented in the text.

Mathematics for Elementary School Teachers is designed to give you a profound understanding of the mathematical content that you are expected to know and be able to teach. The chapters integrate the National Council of Teachers of Mathematics (NCTM) Standards and Expectations and the new Common Core State Standards, as well as research literature. The five NCTM Process Standards of problem solving, reasoning and proof, communication, connections, and representation highlight ways that teachers present content, the ways that students learn content, and various ways that students can demonstrate procedural and conceptual understanding. The worked examples and homework questions provide prospective elementary school teachers with opportunities to develop mathematical knowledge, understanding, and skills that they can apply in their own classrooms effectively. The learning path begins with the Where Are We Going? Chapter Openers, worked Examples with Yellow Markers that indicate the Process Standards throughout the text, to the Concept Maps, to the Section Question Sets with their refreshers of Process Standards, to the Chapter Organizers with Learning Outcomes and a list of the corresponding Review Questions, and finally, conclude at the Chapter Tests with their overarching Learning Outcomes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Lesson-per-page structure which is easy to use and saves valuable preparation time Teen-interest topics and personalized activities appeal to young learners Every lesson has an outcome: 'I CAN' statements at the top of each page build confidence by showing students what they will progressively achieve Speaking is integrated into all lessons to give students constant opportunities to speak Students get masses of practice from the Student's Book, Workbook, MultiROM, photocopyables, and the Student's website Build your students' confidence and improve their exam grades through an exam page at the end of every unit, and an interactive practice test on oxfordenglishtesting.com

The course for teachers who want to get their students communicating with confidence. face2face is an easy-to-teach General English course that helps adults and young adults to speak and listen with confidence. The Workbook with Key offers additional consolidation activities and a Reading and Writing Portfolio for extra skills practice.
