Comparing Bits and Pieces Practice Answers
Comparing by subtracting is one way: "I have \$2.00 more than my sister." Comparing with ratios gives different information: "I have twice as much money as my sister." Many comparisons in the real world are based on ratios rather than on differences. In Comparing Bits and Pieces, you will develop skills with fractions, decimals, ratios, and percents. Your new skills can help you make sense of situations involving fractions, decimals, ratios, and percents.
