Yamaha Outboard Motor, 150hp, 2004, 2 Stroke | eBay

I have a 2007 model yamaha 90hp 2 stroke motor. I have noticed that it is leaking 2 stroke oil. On closer inspection, it seems like the oil is leaking out of the bottom carb. I took off the air filter and the inside of the air filter has about 20ml oil lying there and also the inside of the carb has quite a bit of oil. What would be causing this?
